Your rights as a buyer under Section 10-702 may not be waived in the contract and any attempted waiver is void. Your rights as the buyer to terminate the contract under Section 10-702 are waived conclusively if not exercised before:

### MARYLAND RESIDENTIAL PROPERTY DISCLAIMER STATEMENT

**NOTICE TO OWNER(S):** Sign this statement only if you elect to sell the property without representation and warranties as to its condition, except as otherwise provided in the contract of sale and in the listing of latent defects as set forth below; otherwise, complete and sign the RESIDENTIAL PROPERTY DISCLOSURE STATEMENT.

Except for the latent defects listed below, the undersigned owner(s) of the real property described above make no representations or warranties as to the condition of the real property or any improvements thereon, and the purchaser will be receiving the real property "as is" with all defects, including latent defects, which may exist, except as otherwise provided in the real estate contract of sale. The owner(s) acknowledge having carefully examined this statement and further acknowledge that they have been informed of their rights and obligations under Section 10-702 of the Maryland Real Property Article.

The owner(s) has actual knowledge of the following latent defects: None. We note that following its vacancy after the death of its life-tenant occupant, the property was examined by the owners who observed that the basement floor area under and around the laundry sink to the right of the washing machine was quite wet. Examination revealed the existence of a number of small cracks in the sink. As both the air conditioning condensation pipe and the washing machine outlet hose emptied into the sink, they, particularly the former, provided a constant source of leakage from the sink to the floor. A new sink was installed, and the A/C condensation pipe was routed to an outflow pipe. Since then, the area has remained dry.

- Phase in value comes from the data base at the Maryland Department of Assessments and Taxation <http://www.dat.state.md.us/>, Real Property Data Search. The phase in value is for the next fiscal year, if available, otherwise the phase in value is for current fiscal year.
- Tax rates come from the current property tax bill, which also may include several non-tax charges, at the web page of the County Government's Department of Finance: <http://www.montgomerycountymd.gov/finance>. Look for a link to "Pay or view your property tax bill on line".
- County Property Tax is the sum of the General Fund tax and several special fund taxes.
- All non-tax charges (for example Solid Waste, Water Quality Protection, Bay Restoration Fund, WSSC) are the charges in the current fiscal year. These charges may be different in the next fiscal year.
- This property is located in an **existing** development district. Each year a special development district assessment must be paid. Effective every July 1st, the rate will change based on changes in the property assessment and debt service requirements. More information is available in the [FAQ](#) section of this website.
- You must update the estimate for the property taxes and other non-tax charges
  - Every July 1, because the tax rates, phase-in values, and other non-tax charges will or may change;  
AND ALSO
  - In early January if the calculation used the phase-in value for the current fiscal year instead of the phase-in value for the next fiscal year, because SDAT had not yet specified the phase in value for the next fiscal year. This occurs in the period July 1 - early January in the third year of the three year assessment cycle.
- This property is located in a **proposed** development district. At some date in the future, development district taxes may be levied to pay debt service on bonds issued to build infrastructure in the district. It is important that property owners recognize that this additional tax may be levied in the future. The rate indicated above is an estimate and will change once the district is created and bonds are issued. More information is available in the [FAQ](#) section of this website.
- The Proposed Estimated Total includes all actual and proposed taxes and non-tax charges relative to this property.
