Duties of a Dual Agent and Intra-Company Agent

Like other agents, dual agents and intra-company agents must keep confidential information about a client's bargaining position or motivations unless the client gives consent to disclose the information. For example, a dual agent or intra-company agent may not tell the other party or the other party's agent, without consent of the client:

- anything the client asks to be kept confidential*,
- that the seller would accept a lower price or other terms,
- that the buyer would accept a higher price or other terms,
- the reasons why a party wants to sell or buy, or
- that a party needs to sell or buy quickly.

* However, like all agents, a dual agent and intra-company agent must disclose any material facts about the property to the other party.

How Dual Agents are Paid

Only the dual agent receives compensation on the sale of a property listed by that company. If a financial bonus is offered to an agent who sells property that is listed with his company, this fact must be disclosed in writing to both the buyer and seller.

I have read the above information, and I understand the terms of the dual agency. I understand that I do not have to consent to a dual agency, and that if I do not consent, there will not be a dual agency. I hereby voluntarily consent to have Long & Foster Real Estate, Inc. act as dual agent for me as the: (Firm Name)

seller in the sale of the property at: 9039 Sligo Creek Parkway 1112 Silver Spring, MD 20901

buyer in the purchase of any property listed for sale with the above-referenced firm.

- Phase in value comes from the data base at the Maryland Department of Assessments and Taxation <http://www.dat.state.md.us/>, Real Property Data Search. The phase in value is for the next fiscal year, if available, otherwise the phase in value is for current fiscal year.
- Tax rates come from the current property tax bill, which also may include several non-tax charges, at the web page of the County Government's Department of Finance: <http://www.montgomerycountymd.gov/finance>. Look for a link to "Pay or view your property tax bill on line".
- County Property Tax is the sum of the General Fund tax and several special fund taxes.
- All non-tax charges (for example Solid Waste, Water Quality Protection, Bay Restoration Fund, WSSC) are the charges in the current fiscal year. These charges may be different in the next fiscal year.
- This property is located in an **existing** development district. Each year a special development district assessment must be paid. Effective every July 1st, the rate will change based on changes in the property assessment and debt service requirements. More information is available in the **FAQ** section of this website.
- You must update the estimate for the property taxes and other non-tax charges
 - Every July 1, because the tax rates, phase-in values, and other non-tax charges will or may change;
AND ALSO
 - In early January if the calculation used the phase-in value for the current fiscal year instead of the phase-in value for the next fiscal year, because SDAT had not yet specified the phase in value for the next fiscal year. This occurs in the period July 1 - early January in the third year of the three year assessment cycle.
- This property is located in a **proposed** development district. At some date in the future, development district taxes may be levied to pay debt service on bonds issued to build infrastructure in the district. It is important that property owners recognize that this additional tax may be levied in the future. The rate indicated above is an estimate and will change once the district is created and bonds are issued. More information is available in the **FAQ** section of this website.
- The Proposed Estimated Total includes all actual and proposed taxes and non-tax charges relative to this property.
